

## Top 25 List

January 2009

The Green Up Top 25 List highlights the annual green power purchases of leading Seattle City Light business customers.

Green Up works with all types of organizations — from small businesses owners, design professionals and retailers, to public institutions, commercial property managers and major corporations. Visit [Business Sign-up](#) for further information on Green Up.

These Top 25 purchases amount to 27 million kilowatt-hours annually, which is more than 35 percent of total Green Up purchases made by all Seattle City Light customers, and enough energy to power 3,000 homes.

Purchasing green power through Green Up helps support the development of new renewable energy projects in the Northwest and a sustainable green economy.
